SPON Celebrates 40 Years of Achievements

SPON was formed in 1974 by a group of Newport Beach citizens dedicated to preserving and protecting the environmental and residential quality of life in Newport Beach. As part of its 40 Year Anniversary, SPON will officially announce the roll-out of their new campaign “Still Protecting Our Newport – Inspiring the Next Generation” at the upcoming SPON Annual Meeting on May 17, 2014.

This campaign is intended to accomplish three goals: Highlight SPON’s achievements which span more than four decades; identify Newport Beach Treasures (those places and features that make Newport Beach a true gem of a community); and inspire today’s generations to actively engage in the conversation of stewardship with our city and civic leaders so that the legacy we have built over 40 years continues for future generations.

For more information about SPON, its Anniversary Campaign or Annual Meeting, please contact our representatives noted above or visit www.SPON-NewportBeach.org.
